Burlington Route—Cheap Lands in the West. Along the lines of the "BURLINGTON ROUTE" in Nebraska, Colorado, Wyoming, and Northwestern Kansas, particularly on its new extensions in that territory, there is still some Government land awaiting settlement, as well as other cheap land held by individuals. These lands are among the best to be had anywhere in the country for agricultural and grazing purposes. In the comparatively new districts are many improved farms which can be purchased at a very low rate of that class of restless pioneer settlers who are ready at all times to move "farther west." In the territory embraced by the BURLINGTON'S lines west of the Missouri River, there are in the vicinity of two hundred new towns which offer to manufacturers and business men an excellent opportunity to locate with profit. Send to P. S. Eustis, General Passenger Agent C. B. & Q. R. R., Chicago, Ill., for descriptive pamphlets and other matter giving location and full particulars concerning these lands.
